

DOWNTOWN FLAGSTAFF LIQUOR LICENSE LOCATIONS

“Downtown” for the purpose of this presentation will be divided into two parts North and South

Types of Liquor Licenses

“Quota and Non-Quota”

- ▣ There are several types of liquor licenses identified by “series” number.
- ▣ QUOTA Licenses: Quota licenses (series 6, 7, and 9 only) are limited and made available by a lottery within the county the business will be operated in.
- ▣ Non-Quota licenses (series 3, 10, 12, & 14) can only be issued by the Department of Liquor license and Control and are not available for purchase on the open market.

Liq. License Application Process

- ▣ The application process for any liquor license is the same regardless of what series number is being applied for or whether or not it is a quota license.
- ▣ The applicant first fills out the Liquor License application which is provided by the Arizona Department of Liquor License and Control (DLLC).
- ▣ Once this is complete and acceptable, the DLLC will send the application to the governing body (city, town or county) where the business will operate.
- ▣ The governing body that receives the application then completes its own background investigation.
- ▣ The recommendation can be for approval, non-approval, or the local governing body can make “no recommendation”.

Application process Continued

- ▣ The DLLC can override the city's recommendation, but usually does not.
- ▣ If a decision is made by the DLLC to deny a license application, a Hearing will be set.

Considerations by City Council

- A. The Board may consider the following criteria:
 - 1. Petitions and testimony from individuals who favor or oppose issuance of a license and who reside in, own, or lease property within one mile of the proposed premises;
 - 2. Number and types of licenses within one mile of the proposed premises;
 - 3. Evidence that all necessary licenses and permits for which the applicant is eligible at the time of application have been obtained from the state and all other governing bodies;

Council Considerations Continued

4. Residential and commercial population of the community and its likelihood of increasing, decreasing, or remaining static;
5. Residential and commercial population density within one mile of the proposed premises;
6. Evidence concerning the nature of the proposed business, its potential market, and its likely customers;
7. Effect on vehicular traffic within one mile of the proposed premises;
8. Compatibility of the proposed business with other activity within one mile of the proposed premises;
9. Effect or impact on the activities of businesses or the residential neighborhood that might be affected by granting a license at the proposed premises;

Council Considerations Continued

10. History for the past five years of liquor violations and reported criminal activity at the proposed premises provided that the applicant received a detailed report of the violations and criminal activity at least 20 days before the hearing by the Board;
11. Comparison of the hours of operation at the proposed premises to the hours of operation of existing businesses within one mile of the proposed premises; and
12. Proximity of the proposed premises to licensed childcare facilities as defined by A.R.S. § 36-881.

North side of Downtown is defined as:

- The north side of Downtown includes 1000 N. Humphreys south to Route 66, and the 500 block of East Route 66 west to the 400 block of West Route 66.

South side of Downtown is defined as:

- The south side of Downtown will include businesses south of Route 66 but north of NAU Campus between Milton Road and everything west of Lone Tree as if it extended north to Route 66.

Saturation Patrol

- ▣ On Friday and Saturday nights we typically have approximately 15 patrol officers on duty between midnight and 0300 hrs.
- ▣ Officers work together to saturate downtown at bar closing time with up to 6 officers.
- ▣ We want to provide a visual deterrence in hopes we prevent crime from happening.
